
To whom it may concerned

I am writing to support very strongly the Bill introduced by Senator John Madigan to **REMOVE** Medicare funding for gender base abortion. I am against abortion in general, let alone abortion on babies because they have the wrong gender.

Medicare funding is to be used for **GENUINE** medical issues and **NOT** for killing off unborn babies because they have the wrong gender!!!!!!

Could you please make sure that innocent tax payers do not have blood on their hands because the money they have given to the government in a form of tax, is being abused and used to support killing of unborn babies because they have the wrong gender?

Could you please make sure that our Australian society is protected as modern civilized people who know how to care and nurture their unborn babies so they can flourish as children and adults in their own right?

Kind regards
