1. Can it be true that radioactive waste is to be dumped near Tennant Ck, at Muckaty?
  2. Have the traditional owners been invited to appear before the Legal and Constitutional Committee?
  3. Has the Legal and Constitutional Committee travelled to Tennant Ck, to invite depositions from the traditional owners?
  4. If they are not respected in this matter, who is respected?
  5. Is the dumping of radioactive waste at Muckaty merely a rumour? How are we to know? Let us hope it is.
