Dear Senator

I would like to add my voice to those who agree that as a nation we should not be spending Medicare money on unnecessary abortions.

There are possibly only two occasions where such an action would be condoned, or sanctioned.

- a. Where the unborn child poses a risk to the mother's life.
- b. Where a definite case of rape has occurred.

The use of abortion to eliminate a life amounts to genocide / murder, especially you hold that life begins at conception.

Thank you for your attention to this matter

Yours faithfully

Brian Hogan
