ARM NOMINEES PTY LTD ATF ARM UNIT TRUST - ACN 073204921

Dear Sir/Madam

My submission is very simple. If the price to bring new plant material continues to escalate as it has over the past 5 years then :

- Industry will not bring in the range of new genetic material and our production industries will tend to have access to inferior genetic material
- Individuals will be more tempted to bring in the material illegally and increase the risk of biosecurity threats. This will ultimately increase the cost of food for all Australians.

It's about time we got some value for the taxes we pay. Quiet frankly I am sick of the continual price increases we have experienced from AQIS.

Yours sincerely

Neil Delroy

Managing Director.
