MEDIA RELEASE

JOINT COMMITTEE OF PUBLIC ACCOUNTS AND AUDIT

Inquiry into the Commonwealth performance framework

Issue date: Tuesday, 22 November 2016

Public hearing on public sector performance

Parliament's [Joint Committee of Public Accounts and Audit](#) will discuss performance planning and reporting with Commonwealth agencies at a public hearing this Wednesday.

The hearing forms part of the Committee's inquiry into the Commonwealth performance framework, based on recent Auditor-General reports. The framework, established under the *Public Governance, Performance and Accountability Act 2013* (PGPA Act), requires Commonwealth agencies to produce Corporate Plans, Portfolio Budget Statements and Annual Reports, including Annual Performance Statements.

Committee Chair, [Senator Dean Smith](#), said that improving the Commonwealth performance framework has been a long-term focus of the Committee.

"The new framework requires agencies to implement more meaningful performance information and report more consistently throughout the performance cycle, to strengthen accountability to the Parliament and the public."

"The Committee will hear from agencies on how they have implemented new corporate planning requirements, and from the Department of Finance on the support and guidance it provides in this area. The Committee will also hear from the Australian Taxation Office and the Department of Education and Training on whether they have implemented appropriate performance information for the Higher Education Loan Program," Senator Smith said.

The JCPAA is the Parliament's joint public administration committee. The Committee scrutinises the governance, performance and accountability of Commonwealth agencies, and has the power to inquire into all expenditure of Commonwealth money.

Further information about the inquiry can be accessed via the Committee's [website](#).
