Subject: Job security committee - Quick request for Labour hire data - Labour Account [SEC=OFFICIAL]
Attachments: Jobs in Administrative and support services_2011-12 to 2018-19.xlsx

Attached is the Jobs in Australia data we discussed last week, to enable you to do share analysis of Labour Account data.

Just a reminder that these are jobs worked at any stage during the financial year (rather than at a single point of time) and some of the jobs will be worked by people as their 'secondary job' (ie. second, third or fourth job), rather than their 'main job'. A few years ago we did some analysis to show combinations of main and secondary jobs for people working multiple jobs concurrently, which is useful context (see Table 3 of <https://www.abs.gov.au/statistics/labour/earnings-and-work-hours/jobs-australia/2011-12-2016-17#multiple-job-holders-in-australia>).

As the graph shows, the shares of employee jobs in Division N for 7211 and 7212 are relatively stable through 2013-14 to 2016-17, and a bit higher/lower during 2017-18 to 2018-19.

(See attached file: Jobs in Administrative and support services_2011-12 to 2018-19.xlsx)
