Subject: National Radioactive Waste Management Bill (NRWMB)
Date: Thursday, 11 March 2010 7:39:48 PM

Dear Minister Ferguson

I am sure you are aware of the views of The Friends Of The Earth Australia. I plead with you to take more consideration of their views in regards to nuclear power.

I see no reason why the waste should be put in the outback nor anywhere other than where it is being used. You want you keep the waste.

regards
Pixie Barrett
