Hello,

I am writing in support of **Health Insurance Amendment (Medicare Funding for Certain Types of Abortion) Bill 2013**. I would like to see abortion abolished all together, but at least sex-selection abortion will be a start.

I believe in the dignity of every human being, and that life should be protected from conception to natural death. How selfish it is to think that just because of [insert reason here] that the little life that has been created in the womb should be disposed of, and how even more self it is just because they dare to be the sex that is not desired. The child is innocent, and meant to be in what should be the safest place in the world – its mother's womb. Yet without a real thought it is allowed to be torn limb-from-limb LITERALLY from the womb.

Tax payer funding should NOT go to hideous crimes such as this.

Sincerely yours,
