

---

To whom it may concern

It has recently come to my attention that our Medicare system funds abortions performed on the basis of a child's gender.

I find this disturbing, and would submit that the law be changed so that this is no longer allowed.

Taxpayers should not have to pay for a procedure that is not based on health, but rather the religious or personal preferences of a person. Medicare funding should be limited to health procedures.

Please stop funding abortions on the basis of gender, and ensure that the lives of unborn children are protected.

Thank you
