Submission to the Inquiry into the Fair Work Amendment (Small Business-Penalty Rates Exemption) Bill 2012

I am a permanent employee, working as a night filler, currently earning around 30 per hour.

I have car payments and like to live and go out to dinners

If penalty rates were abolished... That would mean that i would not be able to pay as much as i do on my car and not be able to go out when i do for dinners

My weekends are important to me because... I like to go out with friends and family.. I like to spend my 2 Saturdays i have off now with my man

I urge the committee to keep penalty rates. Because no one will work night fill with out them.. i would not.. whats the point in working the nights then.. I do it for money..
