

SUBMISSION: THE UNDERSTANDING AND UTILISATION OF BENEFITS UNDER FREE TRADE AGREEMENTS

Date: June 20, 2024

On behalf of the Eastwood Chinese Business Collective, I would like to highlight that our country has not yet fully utilized the Australia-China Free Trade Agreement. We believe the government should consider the following to improve this:

1. Promote and educate both in Australia and China about the existence, benefits, and practical applications of the agreement.
2. Engage with and provide mechanisms for involving business owners in the Chinese community to leverage their strengths in this area.
3. Create an expert panel to assist Australian and Chinese companies in navigating and utilizing the benefits of the agreement.
