

26 July 2018

Dr Patrick Hodder  
Committee Secretary  
Parliamentary Joint Committee on Corporations and Financial Services  
PO Box 6100  
Parliament House  
Canberra ACT 2600

By email to: [corporations.joint@aph.gov.au](mailto:corporations.joint@aph.gov.au)

Dear Dr Hodder

**Re: Options for greater involvement by private sector life insurers in worker rehabilitation**

The Royal Australian and New Zealand College of Psychiatrists (RANZCP) welcomes the opportunity to provide input to the review of options for greater involvement by private sector life insurers in worker rehabilitation by the Parliamentary Joint Committee on Corporations and Financial Services.

Regarding the first question, we believe our earlier submission to the Joint Committee, dated 7 May 2018, addresses these concerns in general terms and do not have any additional views to provide at this stage.

On the second question, the RANZCP believes it would be appropriate for the industry first to action the recommendations of the Committee's report.

If you have any questions regarding issues in this letter, please contact the Executive Manager, Practice, Policy and Partnerships, Rosie Forster on \_\_\_\_\_ or \_\_\_\_\_

Yours sincerely

Dr Kym Jenkins  
**President**
