

## **Foreign Affairs, Defence and Trade References Committee**

**Impact of Defence Training Activities and Facilities on Rural and Regional  
Communities – 23 August 2017**

### **ANSWER TO QUESTION ON NOTICE**

**Department of Defence**

**Topic:** Head Contractor at Delamere

**Question reference number:** 4

**Senator:** Kitching

**Type of question:** provided in writing

**Date set by the committee for the return of answer:** 22 September 2017

#### **Question:**

Who is the head contractor for services at Delamere (eg. clearing feral animals etc).

#### **Answer:**

There is no Head Contractor under the Base Services Contract Model. The Estate Maintenance and Operations Services Contractor under the Base Services Contract is considered the Lead Contractor for the delivery of base services in their contracted Region. For the Northern Territory (including Delamere), the Estate Maintenance and Operations Services Contractor is Broadspectrum. The Estate Maintenance and Operations Services Contractor is required to integrate and coordinate the delivery of all base services, including base services delivered by Miscellaneous Service Package Providers, to a contracted Site.
