Subject: Spam: Submission to the Inquiry into the National Disability Insurance Scheme Bill 2012
Date: Thursday, 17 January 2013 9:48:21 AM

Please consider this email a formal submission by me to the Senate Standing Committee on Community Affairs Inquiry into the National Disability Insurance Scheme Bill 2012.

The current disability system has many problems that need to be addressed.

Currently, the replication of assessments and information regarding my two grandchildren with ASD is a waste of resources, time and money; all of which are already in short supply.

The main features of the NDIS that will make a difference to the community are:

Minimising the number of times people have to tell their story in order to get support, Removal of age barriers to services for children, Older parents and families will not worry what happens when they can no longer provide support

The most important services for the NDIS to provide are:

Life-skills, Support for families and carers, Crisis and emergency support

I support the introduction of the NDIS.

I support the NDIS because those of us with disabilities, must never be disadvantaged because of them

I agree for my submission to be made public

Regards,

Mrs Penelope Reardon
