

Joint Committee of Public Accounts and Audit

Attorney-General's Department

Hearing date: 03 March 2023

Hansard page: 55

Julian Hill asked the following question:

CHAIR: Let's not argue the point. Let's accept that that's a fact, unless anyone is telling me it's not. Why, in three rounds in a row, was the actual decision-maker different from the published decision-maker? Were the guidelines wrong? That's one possibility. Or was there a change within the department or the government? Someone was too busy, someone had more time? I don't care, I just want to understand. That's three occasions in a row where the decision-maker was different from the one which was published.

Ms McKeag: I accept that as a factual statement, but it's not something I can assist with.

Ms Saunders: I think it's fair to draw the conclusion we didn't have a Minister for Justice at that time, so on the face of it it would appear there was an error in the guidelines. That's an inference I'm drawing.

CHAIR: On round 2?

Ms Saunders: On round 2.

CHAIR: On round 2 it was justice ended up assistant minister. Round 3 it was assistant minister and ended up full minister. Round 4 it was full minister and ended up assistant minister.

Ms Saunders: We'll have to take it on notice.

The response to the question is as follows:

Round 2

Decision maker identified in guidelines: Minister for Justice

Decision maker in practice: Assistant Minister for Home Affairs
(The Hon Alex Hawke MP)

Reason for different decision maker:

- The Minister for Justice role ceased to exist in December 2017. The role was subsumed into the portfolio of the Minister for Law Enforcement and Cybersecurity, part of the newly-established Home Affairs portfolio.
- Machinery of government changes resulted in policy responsibility for the Safer Communities Fund moving from the Attorney-General's Department to the Department of Home Affairs.
- The grant opportunity guidelines were not updated following the machinery of government changes.

Round 3

Decision maker identified in guidelines: Assistant Minister for Home Affairs

Decision maker in practice: Minister for Home Affairs (The Hon Peter Dutton MP)

Reason for different decision maker:

- Funding decisions for Round Three were made by the former Minister for Home Affairs as the then senior Home Affairs portfolio Minister.
- The grant opportunity guidelines were not updated.

Round 4

Decision maker identified in guidelines: Minister for Home Affairs

Decision maker in practice: Assistant Minister for Customs, Community Safety and Multicultural Affairs (The Hon Jason Wood MP)

Reason for different decision maker:

- Responsibility for the Safer Communities Fund was delegated by the then Minister for Home Affairs to the then Assistant Minister for Customs, Community Safety and Multicultural Affairs.
- The grant opportunity guidelines were not updated.

Joint Committee of Public Accounts and Audit

Attorney-General's Department

Hearing date: 03 March 2023

Hansard page: 57

Julian Hill asked the following question:

CHAIR: You might need to take some of this on notice, continuing a theme, but one of the things that concern me—I say this representing the most multicultural part of Australia, south-east Melbourne—was that relatively few applications for grants under the coalition's Safer Communities Fund were received from, and funding awarded to, groups identifying as Muslim, Buddhist, Hindu or Sikh. I think the audit found, in essence, there was a overrepresentation in the religious sphere of Christian and Jewish groups and a significant underrepresentation of Muslim, Buddhist, Hindu and Sikh groups. The report also found that: Over the life of the program there have been 16 different cultural groups that have applied for funding that have not had any awarded: Filipino, Iraqi, Italian, Russian, Assyrian, Chinese, Congolese, Fujian, Indian, Iranian, Korean, Kurdish, Malaysian, Persian, Polish, Ukrainian. Could the department identify the grant applications for those 16 different cultural groups and take on notice who was the group applying, what was the grant name, what grounds were the applications on, who was the decision-maker and were the grants recommended by the department?

Ms McKeag: Yes, we could take that question on notice. If I can say—

The response to the question is as follows:

At paragraph 4.47 of the Australian National Audit Office (ANAO) report, *Award of Funding under the Safer Communities Fund*, the ANAO states:

“Over the life of the program there have been 16 different cultural groups that have applied for funding that have not had any funding awarded: Filipino, Iraqi, Italian, Russian, Assyrian, Chinese, Congolese, Fujian, Indian, Iranian, Korean, Kurdish, Malaysian, Persian, Polish, Ukrainian.”

Demographic data did not form a part of the Safer Communities Fund eligibility or merit assessment process.

The data represented in paragraph 4.47 is based on ANAO analysis. The ANAO has requested that questions in relation to this data should be referred to the ANAO.

Joint Committee of Public Accounts and Audit

Attorney-General's Department

Hearing date: 03 March 2023

Hansard page: 59

Julian Hill asked the following question:

CHAIR: Can you also take on notice the final list of grants approved by the minister, when they were decided and when they were announced for each grant.

Ms McKeag: We can take that on notice.

The response to the question is as follows:

Attachment A lists all Safer Communities Fund - Round Six grants and the dates they were approved.

Email notifications were sent to all applicants by the Business Grants Hub following these approvals.

Information about each grant was listed on the Government's Grant Connect website within 21 days of each grant agreement taking effect in accordance with the *Commonwealth Grants Rules and Guidelines*.

Public announcements of funding are a matter for Government or the grant recipient.
