# Government Endorsed

GOVERNMENT OF WESTERN AUSTRALIA  
MIDDLE EAST & AFRICA

22 August 2018

To Whom It May Concern,

I am writing in my capacity as the Commissioner, Government of Western Australia Office for the Middle East and AFRICA region, in support of the West Australian TVET Consortium (WATVC).

My office is fully supportive of all Western Australian education institutions becoming more fully engaged in the ME region. We believe our state, which exports over half of all Australian exports and is ranked highly in all world indices of prosperity and endeavour, has much to offer ME countries and in particular the Kingdom of Saudi Arabia.

**This consortium of quality educational providers brings together the best of both private and public institutions in a true Public Private partnership, with the backing of our Ministry of Education and Departments of Training and Workforce Development. All providers in this consortium have a great deal of international experience and specifically experience in the MENA region and the KSA.**

As the government office in the region, we stand ready to provide all support required by this consortium to ensure there are successful outcomes for the Kingdom, and in the longer term brings our state of Western Australia and the Kingdom closer together in our cultural understanding and economic development.

Best regards,
