Certain Aspects of Queensland Government Administration

Dear Ms. Agostino,

1. Both on my own and with a colleague, Alex McKean, I have, for the past 13 months been writing articles on subjects of concern to us and relevant to the current inquiry.
2. These articles have, inter alia, discussed rule of law concerns particularly associated with what is wrongly called the bikie legislation; matters associated with changes to Queensland independent corruption body, the CJC; matters concerning the appointment of Queensland's Chief Justice; and matters involving beneficial decisions being made by government (and the Parliament) for people who have made donations to the ruling political party.
3. I am of the view that these articles contain useful analysis and information relevant to the terms of reference of the Committee.
4. I set out below references to the articles which I think are relevant to your inquiry.
