#### WELCOME

The RSL continues to have a strong presence in Victoria, serving communities in every Local Government Area in the state. The work of caring for our serving and ex-serving mates continues to be relevant and needed.

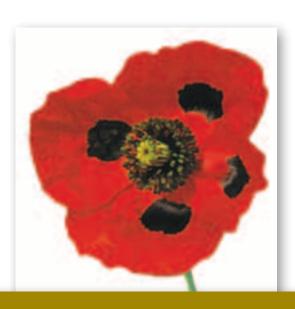

I am consistently impressed by the dedication and achievements of our Sub-Branches with the level of support provided to their local communities, and am proud to be associated with an organisation whose main goal and day to day objective is about helping those in need.

Sub-Branches often go about this work in a quiet fashion, so we thought it important to share with Victorians how much goes on behind the scenes and the amount of resources, financial and physical, donated to the ex-serving and wider community.

The following pages give you an insight into a number of the programs, donations and volunteer hours that were contributed in 2008-2009 and will demonstrate the strength of the RSL commitment to the Victorian community now, and in the future.

Kind regards,

Major General David McLachlan AO (Retd) State President RSL Victoria

From Mallacoota to Mildura, from Casterton to Corryong, the RSL is present in your Victorian Community

#### INTRODUCTION

#### **Our Mission**

The mission of the RSL is to support the well being and betterment of our members - serving and ex-serving men and women of the ADF, our Allies and their families - with the provision of welfare and commemorative services and, where appropriate, contribute to worthy needs within the broader community.

Throughout the following pages you will see how the RSL goes about living this mission day to day and achieving the objectives set by the League.

#### **Our Sub-Branches**

What may surprise many is the level of support RSL Sub-Branches provide to the community at large throughout Victoria. There is at least one RSL Sub-Branch located in every Local Government Area in the state of Victoria and each one has a strong presence within their community. With over 300 Sub-Branches, and IIO of these being licensed Sub-Branches, there is an RSL nearby ready to welcome you.

\*See back pages for geographic spread of Sub-Branches by LGA

Your local RSL Sub-Branch is a multi purpose venue providing a place for companionship and a safe, welcoming environment for socialising within your community. The doors are open to young and old. However, the fact that the majority of Sub-Branches are a major contributor to the prevention of social isolation of veterans and seniors within the community cannot be ignored.

#### **Our Communities**

RSL Sub-Branches understand the significance of their presence in the community and recognise their role in the provision of the welfare and comradeship of both serving and ex-serving men and women of the ADF, our Allies and their families, as well as the education of the public in particular young people, on the sacrifices that have been endured on their behalf and the significance of days of remembrance.

All of these things aim to promote a living community spirit and uphold the values of respect for each other and support of your mates.

RSL Sub-Branches provide significant financial support to the ex service community, not only within their own Sub-Branches but by supporting organisations such as Legacy, War Widows, Vietnam Veterans' Association, Darwin Defenders, Weary Dunlop Foundation and regional veterans' centres around Victoria.

Personal, financial and moral support is provided to members and veterans within the community through activities such as:

- Welfare support
- Advice on pensions and entitlements
- Home and hospital visiting services
- Day Clubs
- Exercise and computer clubs
- Providing RSL ritual funeral services for ex-servicemen & women
- Health information and nursing home advice
- Home maintenance
- Transportation services
- Opportunities to volunteer
- And many more

In addition to veterans and local community support here are just a few of the major charitable organisations supported by RSL Sub-Branches:

CFA

Red Cross

Salvation Army

Very Special Kids

National Breast Cancer Foundation

Prostate Cancer Foundation of Australia

Royal Children's Hospital

Neighbourhood Watch

SES

Relay for Life

Reclink

\$1.78 million was donated in financial assistance to non veteran related charitable or local organisations in 2008-2009 along with \$1.6 million in-kind support.

30% of the Victorian RSL network have increased their volunteer numbers in 2008-2009. These volunteers throughout Victoria have provided 1.11 million hours to the veteran and wider community equating to \$22.23 million in volunteered time.

#### **COMMEMORATION & UNIFICATION**

Over many years Australia has developed into an extremely multicultural society. The RSL has endeavoured to embrace the changing face of Australia whilst upholding a strong patriotic connection to our history and heritage.

Through commemoration services held on ANZAC Day and Remembrance Day each year, Australians from all walks of life come together to remember the fallen and those currently protecting Australia to provide a safe haven for our communities.

Although not a large Sub-Branch, the volunteers at Torquay RSL Sub-Branch coordinate the largest Dawn Service after the Shrine of Remembrance Service. Their dawn service held at Point Danger is attended by 8,000 people each year and growing.

Meanwhile the Dawn Service in Melbourne continues to attract a growing crowd of younger patrons. On 25 April 2009, the estimated attendance was at 35,000.

#### Remembrance into the Future

A task many RSLs see as their duty is the maintenance and upholding of war related cenotaphs and monuments in the local town. It is the dedication of those at the RSL and their attention to detail that provides our towns with the ability to feel proud that they can commemorate those fellow community members who did not return to their home town.

In a move to continue commemoration, students from the Geelong Baptist College have adopted the banner of the Darwin Defenders and will ensure it is carried in future ANZAC Day marches to represent the Darwin Defenders at all commemoration services.

#### **Growing Together**

In an endeavour to enhance their relationship with the multi-cultural population in the area, Springvale RSL has established a community and remembrance garden in partnership with the local community and religious groups.

This garden provides the ability to supply the needy with free fresh vegetables grown with care in this specially established garden, maintained by a committee comprising the RSL Veterans Centre and the Springvale Indochinese Mutual Assistance Association.

The remembrance garden commemorates the fallen soldiers of the Indo-China theatre of war, reflecting on the sympathies and common link of loss in our communities.

Pension Officer Michael Custance tending to the Springvale RSL community garden

"The pride and community spirit of our small town has been re-kindled with the unveiling of our own cenotaph"

Lest We Forget

#### **EMPLOYMENT SECURITY**

The licensed RSL Sub-Branch network in Victoria employs over 2,200 staff members in a variety of roles including operational service staff (bar/bistro/gaming), venue management, welfare coordinators, marketing & PR coordinators, function coordinators, maintenance, chefs & kitchen staff, HR and administration. The scale of licensed Sub-Branches and number of employees equates to \$83.5 million in wages paid to staff of licensed RSL Sub-Branches in Victoria.

Through 2008/2009 Australia encountered the Global Financial Crisis. Business suffered in all industries and 5.9% of Victorians found themselves unemployed\*.

During this 12 month period the RSL in Victoria remained a strong employer in the hospitality industry:

- 64% of licensed Sub-Branches stated their employment levels remained static
- 18% of licensed Sub-Branches stated their employment levels increased
- 18% of licensed Sub-Branches stated their employment levels decreased

In the areas of Mildura and Ararat, these Sub-Branches employ over 40 staff per Sub-Branch and in communities such as these it provides a big difference to the opportunities presented to the town providing stable, long term employment with opportunity for training and skill advancement.

#### **Opportunity Awaits**

Bentleigh RSL Sub-Branch is an example of the licensed Sub-Branches providing training opportunity for their employees with five staff members recently completing a Certificate 3 in Hospitality.

For a growing and developing Sub-Branch, Bentleigh see the need for and benefits of training their staff to provide further expertise and operational excellence throughout the Sub-Branch.

The Licensed Sub-Branches Association Executive Committee have set in place a Training Sub-Committee to plan and deliver training & development to management and supervisors all throughout the network.

The training committee continually develop annual programs to grow the strength of education and skill level within the RSL network, rivalling many competitors.

#### Women grow

At the 2008 Licensed Sub-Branches Association Hall of Fame Awards, 11 Achievement & Recognition Awards were presented. These awards recognise outstanding achievements by a paid staff member who has been employed for at least two years with their respective Sub-Branch.

73% of the 2008 Achievement & Recognition winners were female.

In addition 23% of Sub-Branch managers within the licensed Sub-Branch Network are female, with some managing more than one location, proving the RSL to be an employer of choice for both men and women.

"My hospitality certificate and training at the Bentleigh RSL allows me to advance my skill set and provides opportunities to assist and train my colleagues to consistently increase our level of service to our members" Michael, Bentleigh RSL

<sup>\*</sup> Source: Australian Bureau of Statistics, State and Regional Indicators June 2009

#### **RSL & EDUCATION**

The RSL Charter on Youth states that we must seek opportunities at all levels within the League structure, and in our local communities to originate, support and encourage youth activities to ensure achievement of our objectives.

Education through RSL activities continues for the young and the old in the community. For all attending commemoration services and becoming involved with the RSL in any way provides a level of education on our serving defence forces, our veteran community, who we are as a nation and how we can help our community.

In the 08/09 financial year licensed Sub-Branches contributed \$386,762 to school programs and scholarships throughout Victoria in varying amounts to 160 primary and secondary schools.

In addition to financial support we believe almost every Sub-Branch in Victoria provides in-kind assistance to local schools by way of talks and education programs, involvement in commemoration services inside or outside the school, discussions surrounding memorabilia and involvement in community programs such as day clubs and computer clubs.

#### University Assistance in Sunraysia

Mildura RSL Sub-Branch provides a structured scholarship program for local La Trobe University students: The Mildura RSL Scholarship and the Mildura RSL Kenneth Wallace Stewart Aboriginal or Torres Straight Islander Scholarship. Both scholarships award a first year Bachelor of Education student a bursary of \$2000 towards their studies to help reduce the financial concerns they might otherwise have had to deal with. Applicants for these scholarships must reside in the Sunraysia region, be involved with and interested in the community and have a present or past link to a member of the ADF.

In the large coastal community of Geelong, the Geelong RSL Sub-Branch has donated \$250 to local primary schools for distribution to low income families, equating to \$10,000 for the 2008 year.

In addition they have developed a program with Geelong Baptist College Called "The Edge". The program sees year 9 & 10 students involving themselves in the local veteran community visiting aged care facilities, recording their war history and creating an "Avenue of Honour" within the facility. The students have developed quite a relationship with the veterans taking a great interest in their stories and hearing of their experiences.

#### Memorial Scholarships

In the City of Monash, Waverley RSL Sub-Branch run the Norman A. Smith Memorial Scholarship which was established in 1986 to honour Norm, who worked tirelessly assisting exservice men and women from the time he joined the RSL in 1947 until his death in 1982. His interest lay particularly with welfare and activities of young people. In the wider community, Norm encouraged young people to take an interest and participate in sporting activities.

Being a keen reader and a debater on matters of public interest, it is most fitting that he is remembered with a scholarship aimed at supporting students to continue their education into tertiary studies and become leading members of a profession or trade.

The scholarship awards a student from the City of Monash a \$5,000 bursary (paid over the final 2 years of schooling) to assist with and encourage academic performance. To be awarded the scholarship students must complete a research assignment on a service person from their local area and also pass a written history and general knowledge examination.

Students who have been awarded this scholarship have since returned to the Sub-Branch on many occasions to continue their connection and many now have very successful careers. For example, one recipient is now an expert on international taxation law and another has had significant achievements in a diplomatic role.

## **SERVING YOUR COMMUNITY**

ANZAC Da

Opening of the Springvale RSL Remembrance Garden

ANZAC Day

Bentleigh RSL's Internet Café

Community Garden, Springvale RSI

A range of services, facilities and social activities cater to the needs and interests of our 100,000+ members across Victoria.

#### **COMMUNITY CONTRIBUTIONS**

#### Time and space

Donations do not always come in the form of cash. All licensed Sub-Branches across the RSL network provide their facilities free of charge to a number of other community organisations for their regular meetings, training sessions or social functions.

As the RSL and their committees understand, a number of these community groups such as Probis, Rotary, Women's Auxiliaries etc would not have a place to meet should the RSL not provide this facility to their group. This equates to \$895,000 in room hire subsidies and some \$1.58 million in catering and entertainment subsidies for these and many more community groups.

#### **Safety and Comfort**

For many in the community their local RSL Sub-Branch is a facility they can visit that they feel comfortable and safe. The licensed Sub-Branch network is continually striving to improve the quality of their facilities for members to provide a welcoming environment for veterans, seniors, families and all members of the community.

In 2008/2009 \$12.5 million was spent on Sub-Branch redevelopments and facility improvements. In addition to large property overhauls, this money went to projects such as installation of new amenities, upgrading of furniture and carpets, improvements to alfresco dining areas, signage, lighting and installation of café areas.

#### Victoria's Black Saturday

Following the disasters of Black Saturday, RSL Victoria immediately acted to create a Bushfire Disaster Relief Fund. Donations were received from large and small Sub-Branches all over the Nation, corporate partners and from individuals.

Funds raised through this program totalled \$333,438 and were distributed to not only veterans affected by the fires but members, RSL staff and their families. Approximately 65 families and individuals have benefited from these funds since the fires.

Apart from immediate payments of \$1,500 to those families in need, additional funding requests were processed to facilitate payments for emergency housing, medical expenses, food, clothing, fencing/property assistance and transport.

One family who had lost everything, but thankfully not each other, were donated monies to fund a family holiday to the Gold Coast to take a break from the traumatic reminders the children faced each day.

An ex-serviceman who lost his family and suffered severe personal injuries has been assisted by the RSL covering travel costs for additional family to be with him and a substantial donation made to his trust fund.

Another ex-serviceman who was devastated by the loss of his medals in the fire was assisted through the RSL network to have them replaced. The joy that these replacement medals brought to this man cannot be put into words.

During this devastating time the Healesville RSL Sub-Branch management and staff demonstrated the full meaning of mateship when they swung into action to assist people fighting the fires and to help the local community dealing with the terrible aftermath of Black Saturday.

Healesville RSL closed its commercial operations and operated as a base 24 hours a day, 7 days a week, serving up to 800 meals per day to the DSE workers and volunteers. All staff volunteered their time whenever they could providing well over 500 hours of volunteer labour.

Closer to home, they also dealt with some of their own members, staff and families who had suffered great losses in those terrible fires.

Emotionally it was the most difficult of times, and yet the Committee, management and staff still recognised that it was the duty of the Healesville RSL to do whatever they could, to help their mates and the community.

\$12.5 million in redevelopments in 2008-2009 means improved facilities for our members and the community

#### **OUR MISSION: VETERANS SUPPORT**

All veterans have done their bit for our nation and now require assistance from the community. Veterans are a proud and independent group of people who have never before had to ask anyone for help but age and the rising cost of living in today's society has necessitated the need for them to seek some form of assistance. That's where the RSL steps in.

#### Advocacy

One of the major objectives of the League is to ensure that members of the ex-service community have access to compensation advice and assistance.

Through its Veterans Welfare & Entitlement Support Department, the Victorian Branch provides welfare, pensions and advocacy support services from which, both serving and ex-serving members and/or their dependants can obtain advice and assistance, at no cost, regarding welfare and compensation entitlements. The service is also available to assist, or to provide information or guidance to RSL Sub-Branches throughout Victoria, or to other ex-service organisations as required.

In 2008 RSL Advocates handled 253 veterans matters at the Veterans Review Board, the majority of these receiving a positive outcome.

#### Localised assistance

Many Sub-Branches have also set up their own localised Welfare & Support Centres. One such Sub-Branch is Springvale RSL who fund and support the Springvale RSL Welfare & Support Centre located next to the Sub-Branch. In this centre there is one Level 2 TIP (Training & Information Program) trained Case Officer and three additional Welfare Officers, all of whom are volunteers.

Case Officer Michael Custance processes numerous pension claims for the local community and, volunteering two days each week, divides his time between cases for the Springvale RSL community and the Berwick RSL community.

In addition to the entitlement and claims support, the Springvale RSL Welfare & Support Centre provides home maintenance, provision of mobility aids and wheelchairs and home visitations.

One case of support is that of a veteran's widow who was having difficulty going out into the backyard due to mobility issues and the stability of a large step. The Springvale RSL Centre responded to a call for help to ensure a new backdoor and patio was installed so the widow could safely step out into the backyard without risk of injury. It's small comforts like these that make a big difference to someone's day to day living.

#### Checking in

Waverley RSL Sub-Branch run a great initiative called the "Over 80's register". All members who are over 80 years of age are added to this register and, particularly those who are unable to frequently visit the RSL, are contacted on a regular basis to make sure they are doing well.

Pat Walsh is the volunteer member who makes these calls and enjoys his role in the RSL and the fact that he can help out.

He says "I retired a few years ago and the Over 80's register is a project that keeps me active and involved in the community. Something so simple as a quick phone call can reassure those more isolated that the RSL is there if they need anything."

Through these contact phone calls Pat has been able to identify if someone is feeling down or that perhaps something is not quite right. Where family members are present and involved, the Sub-Branch does not interfere. However, on occasion a follow up home visit has been able to lift spirits and identify any areas needing attention (e.g. home maintenance/safety or physical and mental health issues).

Over 6,000 telephone enquiries were received involving a range of topics from medals, pension entitlements and aged care advice.

\$1.9 million was provided in direct grants to the veteran and senior community in Victoria in the 08/09 year

#### **MEMBERSHIP**

Traditionally the RSL was a club for those who had served in the Nations Defence Forces and our Allies.

Today the RSL today is open to all members of the community with different categories of membership to suit everyone.

#### **Service**

Service membership is open to all current and ex-serving Australian Defence Force and Allied Armed Forces personnel.

#### **Affiliate**

Affiliate membership is open to relatives of past or present serving personnel eligible for RSL Service membership, keeping that family link to the RSL alive. Emergency services personnel (Fire Brigade, Ambulance, Police, SES) with six months service are also eligible to become Affiliate members.

#### Social

Social membership is available for those that would like to be a part of their local RSL Sub-Branch on a social level. Social membership provides a number of the same benefits as Service and Affiliate, however the right to vote on RSL matters does not apply.

The RSL believe the future of membership lies in community members becoming involved as Affiliates. Assistance is available at most Sub-Branches for the public to gather certification and information on a family member who has served in the ADF.

The RSL Sub-Branches encourage the community to embrace this category of membership and become involved where they can at the Sub-Branch level.

#### Membership and more

Being a member at an RSL Sub-Branch doesn't have to stop at completing a form and receiving a membership card. Members are encouraged to learn more about the organisation they are now a part of and perhaps volunteer some time to an activity that they enjoy.

This could be something as simple as selling Poppies once a year, to brightening someone's day through a home or hospital visit. It could also mean becoming a part of the Sub-Branch committee to impart knowledge or expertise to the running of the Sub-Branch.

View the following pages for the location and geographical spread of RSL Sub-Branches throughout Victoria.

The RSL – You Are Welcome

For further information on your local Sub-Branch, visit www.rslvic.com.au which features a full Sub-Branch directory complete with contact details.

#### **WITH THANKS**

The information provided in this document demonstrates the ongoing commitment to not only the ex-service community but the community at large. RSL Sub-Branches are committed to maintaining a presence within their community now, and well into the future.

An increasing need for care of our ex-serving and senior community faces the RSL each year and all Victorian Sub-Branches should be congratulated for the manner in which they manage this need and deliver assistance via finances, resources or other to their communities.

We are determined to continue to deliver on the objectives of the League for many years to come.

The information and statistics presented have been compiled through a number of sources: Licensed Sub-Branches individual Community Benefits Statement Submissions, Departments of Property & Finance, Welfare Entitlements & Pensions Support, ADCC and the Licensed Sub-Branches Association. Many Sub-Branches have also assisted with completing individual surveys and great appreciation must go to those who participated in this survey providing data, case studies and images. Particular thanks to Kerry Martin and Justin Cooper for their photographic contribution.
