Subject: Nuclear waste Dump

As an Australian, born and bred, I am totally opposed to any Nuclear Waste Dump on Australian soils of foreign waste materials. Whilst I recognise we require a safe and long term (but who is to pay for and manage such a site for such enormous time periods and who is to be held liable??) repositories for "Australian" Nuclear Waste, I shall never condone a repository for foreign Waste. I also believe that the federal Government does not have the right; under any circumstance, to decide such an undertaking; it must be decided by the Australian people.
