Dear Secretary

Our organisation is MCM FRAME & TRUSS P/L and we supply pre-fabricated timber frames and trusses to the building sector predominately in the Sydney region.

We have worked with ForestWorks for some time now and are part of its working groups and industry liaison network.

ForestWorks contributes to the improved skills and training in the industry and have helped our company towards improving the skills and qualifications of our staff.

ForestWorks accurately and reliably represents the views of the industry on skills and employment issues with the support of industry and the Government.

We value their contribution and the advice and knowledge they provide towards skilling the current and future workforce.

In our view they are a key component of our industry and we need this Industry Skills Council role to be continued.

Yours sincerely
MCM FRAME & TRUSS P/L
