

Senate Inquiry Health Insurance Amendment Bill 2013

Sex Selection Abortions

Dear Members,

I Support Senator John Madigan Bill to remove federal funding for Sex Selection by individuals

Family Balancing is a risky undertaking .China now has too many males per head of population.

Use of Medicare funding for gender selection is unacceptable.

Medical Associations do not approve the procedure in Canada & UK.

Australian way of life supports equality for Girls and Boys.

Hoping for your support of the Bill

Yours Sincerely
