To whom it may concern; and I trust that it is all of you,

I fully endorse the submissions of COCA in regards to the proposed fee introduction; and argue most strongly, that a fee imposed on Civil Celebrants; and not on religious Celebrants is unjust; unfair; and , I am led to believe; could be illegal.

I have been a Celebrant since 2007; and as yet have not recorded a profit for any year since. Most Celebrants perform Marriages; because they love people and Ceremony.

If my submission is to have any reaction from you (one, or all), make sure it is the right one; and one which won't bother your conscience.

Regards,
