

Hi,

I work at a school doing Before and After School care as Coordinator and already get less than long day care workers, because school is under a different pay rate. It's very hard to get workers in OSHC and with us not getting a pay increase anyone who is qualified or studying won't want to work in OSHC if they can get a better wage at day care. If they want to improve the quality of child care the pay increase needs to be across the board to attract workers in OSHC as well.

Regards Joanne Smit
Coordinator
Clifton Springs Primary School
OSHC
