Dear Secretary

I wish to make a submission to the House of Representatives Standing Committee on Family, Community, Housing and Youth's Inquiry into Better Support for Carers.

As a Carer, I feel that my role is

To take care of all my son's needs.

I face the following problems ...

- Who will look after him when I go...
- Where will he live if that is possible.
- Will he lead a normal life

I need help with ...

Someone other than me to take him shopping and doing normal everyday things without his mother tagging along all the time.

I think the Government can better help Carers by ...

Building more and affordable houses so groups of special needs can live together.
Employ people to help others.
More money for carers!!

Thank you for taking my views into consideration as part of the Committee's Inquiry. I look forward to reviewing any recommendations you make to improve life for Carers in Australia.

Yours sincerely
