The Secretary  
Standing Committee on Family and Human Services  
Inquiry into Adoption of Children from Overseas

Dear Sir/Madam,

I believe that the Australian Government can better assist Australian families who are adopting children from Taiwan. The Federal Government should allow children from Taiwan to travel home to Australia after the Initial Decree has been granted enabling these children to adapt more easily to their new environment and bond earlier with their new families here in Australia. These children are a part of our future, lets get them home.

Yours faithfully

Jill & Craig Busfield  
Member of the Taiwanese Support Group
