

Subject: Digital Dividend, Wireless Mics
Date: Thursday, 14 March 2013 11:26:55 AM

To whom it may concern,

I just wanted to put forward details around our Wireless Microphone systems used here at the Glasshouse and how the changes with the Digital Dividend will impact us.

We currently have 10 x wireless microphone receiver units, 6 x hand held microphones and 6 x belt pack transmitters.

These are utilised for a range of events across our Theatre, Studio, Meeting rooms, in our Art Gallery and for outdoor events.

With the Digital Dividend changes, I've received quotes and would be looking at a cost of \$29,453 to replace these items.

This is a high cost that will have a big impact on our budget, however is something that can't be ignored as it is a crucial element of our events and service delivery.

Regards,

Christina Unger
