Subject: Aviation Safety

Dear John

I am a private pilot and an Aviation Medical Examiner. I am also active with the Maroochy Aero Club. My concern about increased security in Aviation is the inadvertent financial effect it may have on the struggling GA industry, little aero clubs, country airstrips and private pilots everywhere who will have to bear the cost. Let's not use a sledge-hammer to kill a gnat!

Dr. Heather Parker, BA,MD,FRACGP
Aviation Medical Examiner for Australia, NZ, Canada, USA, UK, Sth. Africa
