**Subject:** late submission on the WTO inquiry

The Secretary, Joint Standing Committee on Treaties,

Attached please find a Word 98 formatted submission on, "Australia's Relationship with the World Trade Organisation". I recognise that this submission is made after the final date for submissions as published on your website. I also note, however that you have noted at the same site that late submission will be accepted. I hope that you will still find it convenient to accept this submission.

My submission is a modified version of a paper submitted for assesment in the LLB degree at Griffith University in Qld. It is submitted on my own behalf and represents neither the opinions of Griffith University nor any other organisation. My details, as requested in you submission guidelines, are appended below.
