Dear Ms Moylan,

**RAAF BASE AMBERLEY REDEVLEOPMENT STAGE THREE – SUPPLEMENTARY  
SUBMISSION**

I would like to take the opportunity to provide a supplementary submission in response to the Ipswich Water Chief Operating Officer's submission of 29 June 2007.

I acknowledge the Chief Operating Officer's kind comments regarding the excellent working relationship between Defence and Ipswich that has been further developed by the joint study investigating wastewater strategy options.

The RAAF Base Amberley Redevelopment Stage Three Project has identified a headworks contribution that will be used to fund Defence's input to the greater sewage plan for the surrounding area, following more detailed design and development of the proposed wastewater options in consultation with Ipswich Water, Ipswich City Council and the Queensland Department of Infrastructure.

Defence looks forward to continuing the relationship established with the Ipswich Water throughout the RAAF Base Amberley Redevelopment Stage Three project and into the future.

Yours sincerely,

  
William Grice  
Brigadier  
Director General Infrastructure Asset Development
