The Enquiry Secretary,
Joint Standing
Committee on
Treaties.

We are totally opposed to the
United Nations plans for an
International Criminal Court (ICC).

Proposals such as this should have
the sanction of the Australian
community and not be the result
of political machinations.

Politicians are elected by the
Australian public & proposals such as
this should reflect the Australian
community's real concern that a
few politicians are trying to push
these changes through Parliament,

makers such as this should be
put to an Australian referendum.

Yours faithfully,

Bob Mc Gregor-Smith and

Sydney Mc Gregor-Smith
