canberra act 2600

dear sir,

statute of international criminal code

submission:

sir, as a private citizen, and australian , i wish to lodge my objection to the consideration of any overseas proposal that will be binding on the citizens of australia.especially giving foreign bodies the right to dictate to us about our laws and the way we implement them.this could only legally be achieved through a federal referendum.it is my advice that you advise the government of this.

thanking you,

malcolm cliff.
