Good afternoon,

I am writing concerned about the price hike in my body corporate insurance premium. 2 years ago my portion was [REDACTED] which increased to approx [REDACTED] last year and this year there were only 2 suitable options, one being [REDACTED] for my portion and the other [REDACTED]. I found this to be out of control, however the alternative is to be uninsured. My broker feels that next year it will be even worse with even more players dropping out of the market. In my block there are only 2 townhouses and I feel we should be able to insure them some other way if this is not investigated. Please send this to the appropriate department as something definitely needs to be done.

Regards,
