

To Whom it May Concern,

My name is Jaydon Grassi and I own [REDACTED]. During cyclone Yasi we sustained some superficial damage (fences, trees, water damage) to our complex however we were very lucky compared to a lot of others. The main hardship for me personally came from loss of income through not being able to work as a result of power outages.

To add insult to injury, prior to the cyclone our insurance premium was \$5,802.08 in 2010-2011. After the cyclone it soared to \$11230.29 in 2011-2012. This is a significant increase made even more difficult to take as the repairs to the damage caused by the cyclone are still not completed a year and \$5428.21 later.

All I want and I'm sure many others want is to not be so harshly penalised for an event that was out of our control.

Yours Sincerely,

Jaydon Grassi
