

Submission 1

Hi

In response to the inquiry some issues that I would like to raise as the Station Manager of Radio Rhema in Mt Isa in a remote location are

Not easy access to training that is financially viable

Transmission issues where our station 4MIG is so close to Triple J and TAB that it gets drowned out by them in a lot of locations

Conventions that are a long way away and there is no funding to help get people to the locations

Lack of technical expertise help when needed
