Pay office received a form to fill out asking for bank account details.

Rang CSA and asked why they wanted these details as we do not wish to give them the details for it is a joint bank account.

They want the details so if a payment is late they can take it out of our bank. They will ~~try~~ try and contact us 3 times before taking it out. The payments are taken straight out of his wage every week.

We were told that it would be in our best interest to have separate bank accounts so they do not have joint personal details. This was told to us by a case officer and a supervisor.
