

Submission No.113.....

16th February, 2001

The Commissioner,
Treaties Commission
Parliament House
CANBERRA ACT 2600

Dear Sir/Madam,

I am writing with regard to a reported proposal for Australia to sign a treaty with the United Nations. This treaty I understand put forward by Mr Alexander Downer and others, would affect Australia's sovereignty by placing us as a nation under International Law.

As an Australian citizen, I wish to register my disagreement with this proposal. I am alarmed that so many of our present freedoms enjoyed in this country, are gradually being eroded. We have our own Courts of Law, and must never relinquish that right to a foreign power.

Yours faithfully,

M.C. Mercer
(Mrs) M.C. MERCER.
