

**Australian Parliament
Joint Standing Committee on Migration
Submission no. 326**

To: Ms Maria Vamvakinou, M.P.

Dear Miss Vamvakinou,

Am writing you to express that migrants to Australia need to be informed and required to conform to the Australian way of life, founded on Judeo-Christian principles, blessings from which they desire to enjoy; and not come to Australia to try to conform us to their religions, which produced the environment they left.

Sincerely,
