

SUBMISSION NO. 65

Subject: Sub065 My Insurance Premiums
Date: Friday, 13 January 2012 8:54:25 AM

My insurance premium has gone from \$4288 to \$7324. We changed insurance companies and used a broker to find the cheapest. Out of 6 only 2 would insure us.. Our rates are as high as a house. Our Body Corp Levies are high too. I'm a single income owner, this almost double increase means over \$500 per year for me. Cost of living is increasing too much not in line with salary increases - it is a struggle to pay mortgage. The cost of owning your own home is becoming too high
