We refer to forthcoming House of Representatives Standing Committee on Social Policy and Legal Affairs hearing to be held in Townsville on 1st Feb. and wish to register our intention to attend this hearing.

Our concern is the rapid increase of insurance premiums and lack of insurance company competition in North Queensland for residential strata insurance.

[REDACTED] consists of 2 units (both owner occupied) our premiums have gone in 2006/7 - \$1,497.18 to current \$6,072.50.

Our insurance broker submitted 2 quotes to us on 21st October 2011, that situation changed before we had even paid the premium to ONLY ONE company that would cover our Insurance needs.

Yours faithfully,
Lyndall Doring
Chair/Secretary/Treasurer
