RECEIVED

16 JUN 2004

HOUSE OF REPRESENTATIVES
STANDING COMMITTEE ON
AGRICULTURE, FISHERIES
AND FORESTRY

Dear Mrs Elson,

WILD DOG MEETING HELD 1ST JUNE 2004 – COOMA NSW.

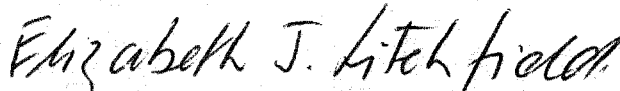

We draw your attention to this meeting attended by over 50 landholders to consider the inadequacy of wild dog control in this region.

Please submit to the Inquiry on behalf of the NSW Farmers Cooma District Council and the Monaro Landholders Wild Dog Committee the following Motion....

That the National Inquiry on Pest Animals recommend immediate re-introduction of aerial baiting programs within State held lands, to protect the productivity of the rural sector affected by wild dog predation, and also to protect our native fauna from wild dog predation.

We would ask that this motion be considered as a submission.

Yours sincerely,

Elizabeth Litchfield
Secretary
