Submission No. 004

(ANSTO Facilities)

Date: 09/04/2010

SL

**RE: PROPOSED CONSTRUCTION OF CENTRE FOR ACCELERATOR
SCIENCE AND EXTENSION TO FACILITIES FOR THE AUSTRALIAN
NUCLEAR SCIENCE AND TECHNOLOGY ORGANISATION, SYDNEY NSW**

Dear Mr Catchpole

Thank you for the opportunity to comment on the joint Statement of Evidence for the above mentioned works for Australian Nuclear Science and Technology Organisation (ANSTO).

A review of the joint Statement of Evidence (the "Statement") to the Joint Parliamentary Standing Committee on Public Works has been carried out for compliance with the *Energy Efficiency in Government Operations* (EEGO) policy.

In consideration of the information provided in the Statement, I am satisfied that there is sufficient intent to comply with the relevant provisions of the EEGO policy.

My colleagues and I have discussed the above mentioned works with ANSTO and are satisfied that ANSTO has the intention to strive to meet the elements of the EEGO policy, where applicable.

If you wish to discuss this matter further, please do not hesitate to contact Lloyd Woodford on (02) 6274 1734 or at lloyd.woodford@environment.gov.au.

Yours sincerely

Simon Wong
