**RE: THE GRIFFIN LEGACY INFRASTRUCTURE
BRIDGING KINGS AVENUE OVER PARKES WAY
AT THE RUSSELL ROUNDABOUT, ACT**

Dear Mr Catchpole

Thank you for the opportunity to comment on the Statement of Evidence for the above mentioned works for the National Capital Authority.

A review of the Statement of Evidence to the Joint Parliamentary Standing Committee on Public Works has been carried out for compliance with the *Energy in Government Operations* (EEGO) policy.

In this case, compliance with the EEGO policy on these works is not required, however more broadly, the following should be also considered:

- A Para. 93-6, it is recommended that the project include appropriate and cost-effective energy efficient street lighting.

If you wish to discuss this matter further, please do not hesitate to contact me on (02) 6274 1734 or at lloyd.woodford@environment.gov.au.

Yours sincerely
