

**Submission No 39**

**Inquiry into RAAF F-111 Deseal/Reseal Workers and their Families**

**Name: Mr Alan Hall**

To whom it may concern

I am writing this submission due to the fact that my application for the ex gratia payment was denied because I was not actually posted or attached to De/Reseal section. As stated in my application I was involved in fuel tank work on and off for over 10 years during my time in the R servicing teams (482SQN & 501WG, during the 1990's).

I have carried out all facets of the De/Reseal work apart from the water picking and application of the spray on sealant. Due to the time frame involved I have well and truly achieved the time limits laid down in the tier system for the ex gratia payment.

As I have carried out the same work as the people posted or attached to the section and met all the requirements (apart from being in the section as a member) it is only equitable that I receive the same benefits they did.

Alan David Hall  
(A131134, CPL)
