Australia	0.5M	0.5M	0.5M	0.5M

Example of the pricing arrangements in Articles IV(4) and IX (for the purposes of illustration only);

WHERE:

- (A) Three countries (A, B and C) participate in the Scheme
- (B) A has drawing rights of 100,000 vaccine doses
B has drawing rights of 200,000 vaccine doses
C has drawing rights of 300,000 vaccine doses
Therefore, 300,000 vaccine doses will be purchased
- (C) The price is [sterling]1 per vaccine dose

THEN:

- (1) On the purchase of the first 100,000 vaccine doses (in which all have an interest), A, B and C each contribute one third of [sterling]100,000 (i.e. [sterling]33,333.33)
- (2) On the purchase of the second 100,000 vaccine doses (in which only B and C have an interest) B and C each contribute one half of [sterling]100,000 (i.e. [sterling]50,000)
- (3) On the purchase of the third and final 100,000 doses (in which only C has an interest) C will contribute [sterling]100,000.

The Agreement was signed for Australia, and entered into force, 26 June 1985.

<p>17-18 February 2003</p>	<p>BSE/FMD Forum agrees to continue to work on options for resolving future vaccine bank arrangements while continuing to maintain IVB membership.</p>	<p>Animal Health Australia Australian Government Cattle Council of Australia Australian Pork Ltd Australian Dairy Farmers Ltd Sheepmeat Council of Australia WoolProducers Goat Industry Council of Australia Australian Veterinary Association Western Australia New South Wales Tasmania South Australia Northern Territory Queensland Victoria</p>
<p>10 April 2003</p>	<p>Primary Industries Ministerial Council agreed that the commercial independent FMD vaccine arrangements be cost shared by governments and industry on an 80:20 basis, with contributions to be shared equally by the Australian Government (40% of total costs) and the States and Territories collectively (40% of total costs) with contributions of individual jurisdictions/organisation being calculated using the established EADRA criteria for FMD emergency animal disease responses.</p>	<p>Australian Government Western Australia New South Wales Tasmania South Australia Northern Territory Queensland Victoria Australian Capital Territory</p>
<p>January 2003 to present</p>	<p>Animal health Australia (AHA) has sought Expressions of Interest from potential commercial suppliers of FMD vaccine, offered three companies expressing interest a formal Request for Tender, received and assessed two tender bids and undertaken a selection process in conjunction with representatives of members and selected a preferred tenderer. AHA had had drafted and circulated a Funding Agreement between AHA and the government and industry contributors and a Supply Agreement between AHA and the preferred tenderer for comment and endorsement. The Funding Agreement is largely settled but negotiations continue on the Supply Agreement. Both Agreements are expected to be signed off by 31 December 2003.</p>	<p>Australian Government Western Australia New South Wales Tasmania South Australia Northern Territory Queensland Victoria Australian Capital Territory Australian Lot Feeders Association Australian Pork Ltd Australian Dairy Farmers Ltd Cattle Council of Australia Sheepmeat Council of Australia Goat Industry Council of Australia WoolProducers</p>
