

**Australian Parliament
Joint Standing Committee on Migration
Submission no. 234**

Govts. have made a silly mistake.

Cultures include various different belief systems & various religions. To mix everything up as acceptable, with a law which does not allow exposure of wrong doctrine in the TEXTS of any religion, in the name of TOLERANCE is ridiculous.

Such practises such as art, foods, dancing, etc. are harmless in themselves. But Religions ARE NOT if the text has current instruction for cruel or unjust practises. ISLAM DOES HAVE SUCH INSTRUCTION contrary to what our Society was mainly based on.

I can speak from experience. I married innocently & naively into another 'CULTURE' with in-laws in Fiji having inherited a system of Northern Indian Culture partially influenced by the Islamic Anti-Christ sentiments & wife beating advocated in the Quran. I am an Australian who suffered it , so I DO KNOW.

You may not realise the consequences that many naive young people are yet to suffer here in Australia, being taught under the restriction of the Vilification Law that all religions ARE OF GOD.

Muslims immigrants historically behave themselves in a new country UNTIL THEY GET THE NUMBERS FOR POLITICAL POWER. THAT THEY PLAN AN EVENTUAL TAKE-OVER HERE HAS BEEN VOICED BY THEM.

I am not indicating that all Muslims are of bad character. I am expressing though, that when it comes to the actual crunch, any such group DO turn to the roots of their faith.

AT 78 YEARS OF AGE, MAY I SPEAK SOME WISDOM - FROM EXPERIENCE. ISLAM IS A POLITICAL PARTY, CLOAKED IN THE DELUSION OF BEING "OF GOD". There is no text of Mohammad stating that God is Love. He is referred to as 'Merciful' but only for Muslims who submit to Mohammad's doctrine. Permission for lying is given if it is for the benefit of Islam.

Australians should be instructed that Mohammed initially got some of his doctrine from Christians. Then, when they would not agree that he was a prophet, he brought in contradicting doctrine of his own. This explains the ability of Imams to quote the GOOD parts of the Quran & The Hadith only, to the glibble!!!!!!!!!!!!

Communism was banned here. But, being classed as OF GOD, Islam is SO protected by a law that now does not allow CRITISM OF ANY 'FAITH'. What if I started a 'religion' supposedly of God, that gave instruction to beat wives, & to kill as The Quran does??????? I hate to think!!!!

The concept of Multi-Culturism, & TOLERANCE which does not allow critical analysis has taken away our Freedom of Speech. Open discussion, if truthful, should never be denied in Australia. Already, we are under Islamic Law in regards to any genuine criticism being termed as HATE.

My baby I carried under my heart was of the same blood as the majority of Muslims. I have 2 babies of corresponding race in heaven. No one loves these people more than I do. However, if we DO PROFESS TO HAVE CHRISTIAN LOVE - THE LOVE OF GOD HIMSELF, we should be allowed debate, so that the many who are programmed ignorantly into Islam, should be able to hear, the truths of their faith. Then, they can decide.

This mingling of faiths as ALL OF GOD, is a gross delusion. I LEARNT THE HARD WAY & BEG YOU TO CONSIDER. Sincerely,
