To the Honourable Warren Entsch,

RE: Insurance premiums of Units and apartments

As the owner of an apartment situated on [REDACTED] I have noticed that the Insurance Premium on [REDACTED] has increased phenomenally during the past few years.

As follows:

4/08/2010 \$ 5 186.90

4/08/2011 \$ 8 180.68

4/08/2012 \$ 8 965.93.

As you have identified, these added costs are passed on to us, the owners. With property values decreasing, and the current cost of living, these increased expenses are almost making it unaffordable.

Unfortunately, I am unable to attend the public meeting, but thank you in advance for your support in this matter.

Yours Sincerely

Jane Termaat
