To whom this letter may concern,
 I am writing this letter on behalf of my brother Tom. Tom is a mentally and physically handicapped person but he lives in a self contained flat by himself his only enjoyment is his music and what was the talk back radio, he has a TV but cannot hold concentration to watch it very much but he clearly loved to ring up Paul Gully and have a talk to him and his many listeners.

Tom lost his mum last November and I truly believe if it was not for his many friends he had made on radio Tom would have ended up in a institution.

I strongly recommend such radio is put back on air for country people it is not only enjoyment we are a differant race of people to city folk.
