

To the Committee Secretary
Dr Margot Kerley
House of Reps

CANBERRA 2600

I am an elderly person living in rental accommodation for retirees in the Redland's area. I know how difficult it is to get Aged Care in a nursing home, for rental, as so many have to go to "Respite" care waiting for a room.

I am still able to care for myself, but hope when my turn comes to be cared for, I hope there will be a place for me. I was 91 on the 1/6/02 so time is the factor.
