Dear Sir / Madam,

A brief comment on my opinions on  
radio services in regional areas: I believe  
the ABC does well for rural radio. I partic-  
ularly enjoy the interviews, news, chat room  
and evening programs. The only two/three  
criticisms I have are: 1. There's far too much  
football coverage (although I've discovered the  
wonders of Radio National as an alternative)  
2. Not enough music - and music of quality;  
3. Often the very best programs are in the middle  
of the night (regarding information)  
Otherwise, we are well served  
Yours sincerely,  
Iris Fiel
