Dear Mr Dundas

Inquiry into Catchment Management

The Mount Lofty Ranges Catchment Program is pleased to provide the Committee with a submission to its inquiry into catchment management.

The submission has been authorised by the Chairman of the Board of Management, Hume Macdonald.

Our submission is provided in both hard copy and computer disk. The text was e-mailed to the Committee on Friday 30 July 1999.

Enclosed with this package are 12 copies of the Mount Lofty Ranges Catchment Program brochure, which provides a quick 'snapshot' of the Program.

Please do not hesitate to contact me for further information and/or if the Committee would like the Mount Lofty Ranges Catchment Program to provide evidence at a hearing.
